

Application No. : 09/478,825

Remarks:

The present application is a division of patent application 07/832,335 filed 02/07/1992, titled "Inhibiting A Control Function From Interfering With A Playing Of A Video", which issued as U.S. patent number 6,208,805 on 03/27/2001.

This application is also related to another division of the '805 patent, titled, "Disc Having A Code For Preventing An Interference With A Playing Of A Video Segment", which issued as U.S. patent number 6,304,715 on 10/16/2001.

Without prejudice or disclaimer to the underlying subject matter, a Terminal Disclaimer disclaiming that portion of this patent which extends beyond the expiration of U.S. Patent No. 5,434,678, issued 07/18/1995, which predates the related patents, was previously filed on January 6, 2000.

It is believed that this application is in condition for allowance, which action is respectfully solicited.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Max Abecassis", is written over a horizontal line.

Max Abecassis
